

PROFESSIONAL SUMMARY

During my university years, I focused on developing my skills in both frontend and full-stack development. I have worked with technologies like React, Tailwind CSS, Node.js and Express.js, building responsive, scalable and user-friendly web applications. I enjoy solving challenges.

EXPERIENCE

Workplace Training, Alternet Software LTD. Co., Turkey **Date: 10.02.2025 - 25.05.2025**

- During my final semester, I completed an internship where I worked on front-end tasks using React and Tailwind CSS. Moreover, I developed a ticketing system from scratch with React, Vite, Node.js, Express.js and MySQL.

Summer Intern, Akgün Electrical Co., Turkey **Date: 16.07.2024 - 19.08.2024**

- I completed the mandatory 30-day summer internship required for my studies at this company, where I contributed to full-stack projects using React, Node.js and Firebase.

Summer Intern, Kodpit Technology, Turkey **Date: 18.07.2023 - 08.08.2023**

- I completed the mandatory 30-day summer internship required for my studies at this company, where I developed my skills in React and TailwindCSS.

Part-Time Student, Afyon Kocatepe University, Turkey **Date: 12.05.2022 - 16.04.2023**

- I worked as a part-time student volunteer at my university, gaining valuable experience while contributing to various projects.

EDUCATION

Bachelor of Science in Computer Engineering Afyon Kocatepe University, Afyon, Turkey

04.09.2021 - Present | Expected May 2025

Erasmus Student, Latvia University of Life Sciences and Technologies, Jelgava, Latvia

04.02.2024 – 31.05.2024

SKILLS

HTML, CSS, JavaScript, React, Node.js, Express.js, Tailwind CSS, C#, PHP, Firebase, MySQL, Git, GitHub
